AMERICAN SOCIETY OF SAFETY PROFESSIONALS

Dear Greater Baton Rouge Chapter Members,

Welcome to another exciting year with the Greater Baton Rouge Chapter of the American Society of Safety Professionals. It is truly an honor to serve as your Chapter President, and I am grateful for the opportunity to lead such a dedicated community of safety professionals.

As we look ahead, I see a year filled with opportunity. Opportunity to learn from one another, to grow professionally, to strengthen our network, and to continue making a positive impact on the organizations and communities we serve.

This year, our leadership team is committed to delivering valuable educational programs, meaningful networking opportunities, expanded support for students, and enhanced partnerships with our sponsors and local businesses. We also want to create more ways for every member to become involved, whether through volunteering, mentoring, serving on a committee, or simply sharing your experiences with fellow professionals.

Our chapter's success has always been built on the passion and commitment of our members. Whether you are a long-time member or attending your first chapter meeting, there is a place for you to get involved, share your knowledge, and help shape the future of our chapter. I encourage each of you to take advantage of everything ASSP has to offer and to help us continue building a chapter that is welcoming, innovative, and recognized as a leader within our community.

Thank you for your continued support of the Greater Baton Rouge Chapter. I look forward to serving alongside each of you as we work together to advance our profession and make a lasting difference.

I can't wait to see what we'll accomplish together.

Stay safe,

Erin Warren, MBA, MS

President, ASSP The Greater Baton Rouge Chapter

Call For Sponsors

On behalf of the Baton Rouge ASSP Chapter, we want to sincerely thank you for your continued support of our chapter and our mission to advance the safety profession throughout South Louisiana. Your partnership helps us provide meaningful education, networking opportunities, leadership development, and programs that strengthen our local safety community.

Last year, we took a big step forward with our inaugural Innovation and Education Symposium. Thanks to the incredible support of our sponsors, speakers, volunteers, and attendees, the event was a tremendous success. We were thrilled to see safety professionals from across the region come together to exchange ideas, learn from one another, and prove that continuing education doesn't have to be boring.

Of course, success has a funny way of raising expectations, so we're rolling up our sleeves and building on that momentum.

This year, we're excited to introduce our new and expanded Annual Sponsorship Program. Instead of sponsoring individual events throughout the year, our new packages provide opportunities to showcase your company across many of the chapter's premier events and initiatives.

Your sponsorship may include visibility at:

- Monthly Chapter Meetings
- Professional Development Events
- The Innovation and Education Symposium
- The Annual ASSP Golf Tournament
- Student and Young Professional Programs
- Community Outreach and Special Chapter Events

Our goal is simple: provide more value, more visibility, and more opportunities to connect with the safety professionals who influence purchasing decisions, lead projects, and help shape the future of our industry.

Warm regards,
Arthur Pennison Jr, CSP, ASP
VP Corporate Partnerships
